Summary

Second year BSc Cyber Security student with knowledge and practical skills, which has been gained through several modules during my course so far. I also have the ability to work as part of a team which I have demonstrated during the past two summers as I worked as part of a department in a warehouse, this also allowed me to develop communication skills as well as problem solving for different scenarios. Eager to join your company through the placements scheme and use my knowledge and skills to contribute to your company.
